Improves Mood Naturally

B vitamins: B6, B12 and Folate, are three of the B vitamins which are depleted when we are under stress. They are critical "co-factors" for the production of the "SAM-e cycle" by the body.

By combining SAM-e with these critical co-factors, MoodPlus Stress Relief replenishes your body and ensures that your "SAM-e cycle" is fueled with key nutrients it needs to ensure both production and usage of SAM-e and lower levels of homocysteine.

- (3) Name of the dietary ingredient(s) if not provided in the text of the statement:
